

ANTISEPTICS

In good hands

High efficiency in antiseptics and disinfection

AQUEOUS CHLORHEXIDINES

Colored and colorless aqueous Chlorhexidines

1% DESINCLOR

Aqueous solution of Chlorhexidine 1% colorless

Aqueous solution of Chlorhexidine Digluconate at 1% colorless. Antiseptic for healthy skin.

Presentation	Reference
100 ml with spray	HG0INC1/P100
100 ml with cap	HG0INC1/T100
50 ml with cap	HG0INC1/T050
50 ml with spray	HG0INC1/P050
30 ml with spray	HG0INC1/P030
10 ml monodose	HG0INC1-B010

1% DESINCLOR

Aqueous solution of Chlorhexidine 1% colored

Aqueous solution of Chlorhexidine Digluconate at 1% colored. Antiseptic for healthy skin.

Presentation	Reference
500 ml with cap	HG000001-C02
10 ml monodose	HG0COL1-B010

2% DESINCLOR

Aqueous solution of Chlorhexidine 2% colorless

Aqueous solution of Chlorhexidine Digluconate at 2% colorless. Antiseptic for healthy skin.

Presentation	Reference
500 ml with cap	HG0AC2IN/T0500
250 ml with spray	HG0AC2IN-P0250
250 ml with cap	HG0AC2IN-T0250
100 ml with spray	HG0AC2IN-P0100
100 ml with cap	HG0AC2IN-T0100
50 ml with spray	HG0AC2IN-P050
50 ml with cap	HG0AC2IN-T050
30 ml with spray	HG0AC2IN-P030
10 ml monodose	HG0AC2INC-B010

2% DESINCLOR

Aqueous solution of Chlorhexidine 2% colored

Aqueous solution of Chlorhexidine Digluconate at 2% colored. Antiseptic for healthy skin.

Presentation	Reference
500 ml with cap	HG0AC2CO/T0500
250 ml with spray	HG0AC2CO/P0250
250 ml with cap	HG0AC2CO/T0250
10 ml monodose	HG0AC2COL-B010

ALCOHOLIC CHLORHEXIDINES

Colored and colorless alcoholic Chlorhexidines and wipes

2% DESINCLOR

Alcoholic solution of Chlorhexidine 2% colorless

Alcoholic solution of Chlorhexidine Digluconate at 2% colorless. Antiseptic for healthy skin.

Presentation	Reference
500 ml with cap	HG00INC/P500
250 ml with spray	HG00INC/P250
250 ml with cap	HG0INC/TO250
100 ml with spray	HG00INC/P100
100 ml with cap	HG0AL2INC/T100
10 ml monodose	HG0AL2INC-B010

2% DESINCLOR

Alcoholic solution of Chlorhexidine 2% colored

Alcoholic solution of Chlorhexidine Digluconate at 2% colored. Antiseptic for healthy skin.

Presentation	Reference
500 ml with cap	HG00COL/P500
250 ml with spray	HG00COL/P250
250 ml with cap	HG0COL/TO250
100 ml with spray	HG00COL/P100
100 ml with cap	HG00COL/T100
10 ml monodose	HG0AL2COL-B010

2% DESINCLOR · R

Colored alcoholic solution Chlorhexidine 2%

Colored alcoholic solution applicator 2% Chlorhexidine Digluconate. Antiseptic for healthy skin.

Presentation	Reference
10 ml	HGROAH2COL10
25 ml	HGROAH2COL25

2% CLORITAS

Colorless alcoholic solution of Chlorhexidine 2% wipes

Impregnated wipe with alcoholic solution of Chlorhexidine Digluconate at 2%. Antiseptic for healthy skin.

Presentation	Reference
Impregnated wipe	HG0CLORITA

SOAPY CHLORHEXIDINES

Chlorhexidine soaps, brushes and sponges

0,8% DESINCLOR

Antiseptic Chlorhexidine soap 0,8%

Antiseptic soap with Chlorhexidine at 0,8%.
Antiseptic for healthy skin.

Presentation	Reference
500 ml with pump	HG000001-C01

4% CLOR-SCRUB

Antiseptic Chlorhexidine soap 4%

Antiseptic soap with Chlorhexidine at 4%.
Antiseptic for healthy skin.

Presentation	Reference
1L with inverted valve	HG000004-N02
1L with pump	HG000004-002
500 ml with pump	HG000004-001
20 ml monodose	HG000004-007

4% CLOR-SCRUB

Impregnated sponge Chlorhexidine soap 4%

Impregnated sponge with 20 ml of soapy solution of Chlorhexidine Digluconate at 4%.
Antiseptic sponge for healthy skin.

Presentation	Reference
Sponge 20 ml	G0000B4-004

4% CLOR-SCRUB

Impregnated brush Chlorhexidine soap 4%

Impregnated brush/sponge with 20 ml of soapy solution of Chlorhexidine Digluconate at 4%.
Antiseptic for healthy skin.

Presentation	Reference
Box 100 units	HG000010-005
Dispenser 30 units	HG000010-025

HYDROALCOHOLS

Alomec and Alco Aloe

ALOMEC GEL

Hydroalcoholic gel Antiseptic for healthy skin

Disinfection of hands by friction.

Presentation	Reference
1L with inverted valve	HG000017-I22
1L with pump	HG000017-B22
1L with with cap	HG000017-T22
500 ml with pump	HG000017-500
100 ml with cap	HG0000017-100

ALOMEC SOLUTION

Hydroalcoholic solution Antiseptic for healthy skin

Disinfection of hands by friction.

Presentation	Reference
1L with inverted valve	HG000018-1L-IN
1L with pump	HG000018-1L
1L with with cap	HG000018-1L-T
500 ml with pump	HG000018-500
125 ml with cap	HG000018-125
100 ml with cap	HG000018-100

ALCO ALOE GEL

Hydroalcoholic gel Antiseptic for healthy skin

Disinfection of hands by friction.

Presentation	Reference
1L with inverted valve	HG000N16-006
1L with pump	HG000B16-006
1L with with cap	HG000016-006
500 ml with pump	HG0BSC16-008
100 ml with cap	HG000016-011
10 ml monodose	HG000016-014

ALCO ALOE SOLUTION

Hydroalcoholic solution Antiseptic for healthy skin

Disinfection of hands by friction.

Presentation	Reference
1L with inverted valve	HG000N16-002
1L with pump	HG000B16-002
1L with with cap	HG000016-002
500 ml with pump	HG0BSC16-010
100 ml with cap	HG000016-012

POVIDONE IODINE

Povidone iodine. Antiseptic for healthy skin.

10% DESINPOV IODINE SOLUTION

Povidone solution iodine 10%

Povidone solution iodine 10%.
Antiseptic for healthy skin.

Presentation	Reference
500 ml with cap	HG000001-0C4
125 ml with cap	HG00001-013
50 ml with cap	HG00001-114

7,5% DESINPOV IODINE SOAP

Povidone soapy iodine 7,5%

Povidone soapy iodine 7,5%.
Antiseptic for healthy skin.

Presentation	Reference
500 ml with pump	HG000001-0C3
500 ml with cap	HG000SB1-0C3

7,5% TECNO-SCRUB "P"

Tecno-Scrub "P"

Tecno-Scrub "P" Brush / Sponge impregnated with 20 ml of povidone soapy iodine solution 7,5%. Antiseptic for healthy skin.
